

Dr Anastasia Braun

Psychiatrist

Dr Anastasia Braun is an Australian trained Psychiatrist and undertook post-fellowship training in Consultation Liaison Psychiatry, qualifying her to manage patients with co-morbid medical, surgical, peri-natal, old age and weight management problems.

Her special interests are in consultation liaison psychiatry with a wide variety of neuropsychiatric and psychosomatic problems including:

- Weight management assessment and support for Bariatric patients
- Peri-natal psychiatry
- General Adult Psychiatry
- Anxiety/agitation in the medically ill
- Helping to support the treatment team's role about the suggested clinical interventions
- Post Traumatic Stress Disorders (PTSD)
- Old Age psychiatry
- Somatoform disorders
- Participating in evaluation and management of altered mental status
- Evaluation of cognitive impairment associated with dementia
- Capacity to make informed decisions or to delegate those powers
- Depression in the elderly or medically ill; as well as working with medical patients with serious chronic illnesses.

As part of her practice, Dr Braun is happy to accommodate requests for urgent assessments and review appointments. Should you require an opinion with regards to diagnosis, management advice or ongoing treatment of your patients, Dr Braun is happy to be contacted for advice over the phone.
